HIGHLIGHTING THE ACCOMPLISHMENTS AND HAPPENINGS OF MCIT STUDENTS

HOSA REPRESENTS AT STATE LEADERSHIP CONFERENCE

MCIT's chapter of HOSA (Future Health Professionals) recently attended the 45th Annual State Leadership Conference.

1024 KIL-A-BYTES BRING HOME AWARD AT STATE COMPETITION

McKenzie's Robotics team is awarded "Excellence in Engineering" Award at this years State Competition.

LOGOS & BURRITOS

MCIT Graphic Design classes recently went through the design process of creating a company logo. Students were given a creative brief based on Mr. McDonough's affinity for breakfast burritos and the green chile he discovered whilst in Colorado.

To honor their work and give them an idea of what they were actually working on, the Graphic Design classes enjoyed some breakfast burritos made by Mr. McDonough.

Congratulations to the MCIT 2023 National Technical High School new members. Thank you to Advisers, Claudia Heck and Beth Thomas and our teachers who nominated students this year, and all who helped with the preparation for this year's induction!

Students complete a Subway tile cutting, layout & installation project in Construction Trades. The students are currently preparing for their National Center for Construction Education and Research Level 1 Exam.

Our second year Construction Trades students are onsite at a new J.C. Hart Company apartment complex learning all about the ins and outs of this upcoming project.

Lawrence Township now has 11 more trained CERT members to assist our community when needed.

Congratulations to the 2023 BIOMED Seniors

On April 26th, the 2023 BIOMED Seniors presented their findings from their Independent Science Investigations at the LECC. Family, friends and staff were invited to stroll along and view the Senior's Presentation Boards, while the students answered any questions about their research. Great Job BIOMED Seniors and best of luck!
